Dear Colleague,

This packet, "Establishing Effective Early Childhood Teams," has been developed to address the need for developing collaborative teams. It is designed to provide you with recent information, resources, and policy guides for further reference. The packet contains recent articles and information on team collaboration, team process evaluation, models of teams, and collaborative strategies for working effectively with children and families. This packet has been provided to you as the Director of Special Education Services, so we ask that you disseminate as appropriate within your organization.

Gathering this information has been a collaborative effort of many individuals, and KITS is especially grateful for the work of Vera Stroup in the completion of this packet. We hope that when you have taken the time to review the packet, you will find that it contains helpful information. After you have examined the packet, please complete the enclosed evaluation and return it in the self addressed envelope. Thank you for your interest and your efforts toward the education of young children.

Sincerely,

David P. Lindeman, Ph.D.
KITS Director

KITS is supported through Part B, IDEA Funds from the Kansas State Department of Education (Grant # 26004) and Part C, IDEA Funds from the Kansas Department of Health and Environment. The University of Kansas is an Equal Opportunity/Affirmative Action Employer and does not discriminate in its programs and activities. Federal and state legislation prohibits discrimination on the basis of race, religion, color, national origin, ancestry, sex, age, disability, and veteran status. In addition, University policies prohibit discrimination on the basis of sexual orientation, marital status, and parental status.

Establishing Effective Early Childhood Teams
